## ABOUT

I am a detail-oriented designer who is eager to design functional spaces through collaborative efforts. I bring thoughtful, high-quality solutions to every project and am eager to grow my career through continued learning and project experience.

## EXPERIENCE

### Project Designer · Jennifer Giffin Design · Toronto, ON

*April 2025 - Present*

- Collaborate with the Principal Designer to develop residential design presentation packages, including layout drawings, renderings, mood boards and finish palettes aligned with company standards.
- Assist with space planning solutions that reflect client needs, functional requirements and Ontario Building Code compliance using AutoCAD and Revit, across both large- and small-scale projects.
- Create and review construction and millwork drawings for permitting and fabrication.
- Contribute to all phases of the design process, from concept development to construction documentation and procurement.
- Curate and document FF&E selections based on project goals, aesthetic intent and budget.
- Prepare schedules, spec sheets, and procurement documentation.
- Maintain and manage the material library, ensuring samples are current and coordinating orders for project-specific needs.
- Assist with landscape design, aligning plans with relevant City of Toronto Zoning By-laws.
- Coordinate with vendors and contractors to ensure smooth delivery, tracking and execution of design intent.
- Conduct on-site visits to document existing conditions, including detailed measurements and photography.
- Track budgets, quotes and procurement using spreadsheet tools such as Google Sheets.
- Provide administrative support, including email correspondence and project file management.

### Interior Design Assistant · Absolutely Inc · Toronto, ON

*July - Oct 2022*

- Supported a design team of two through all phases of the design process.
- Assisted in the creation of construction drawings for residential projects.
- Conceptualized custom furniture designs and prepared millwork drawings for woodworkers.
- Developed material boards and presented clients with curated options.
- Visited vendors to source FF&E that meet client specifications.
- Tracked FF&E from order to install to ensure all items meet client expectations and projected timelines.
- Conducted site visits for initial measurements, supervised item delivery and installation.
- Created and tracked quotes and invoices while organizing all into client files.
- Attended client meetings and took detailed notes for review.
- Prioritized client updates and documenting their needs to effectively address project requirements.

### Graphics Associate · TMU School of Interior Design Year End Show 2024

*Nov 2023 - April 2024*

- Designed media for print and online using Adobe Illustrator and InDesign.
- Coordinated and communicated with the team through weekly meetings and updates for smooth project execution.
- Adjusted and edited graphics according to team feedback during review.
